The AGENCY reserves the right to reject any or all proposals, to waive any irregularity, to accept any bid or portion thereof, and to take all proposals under advisement for a period of sixty (60) days.

CONTRACT/ACREAGE LIMITATION:

The City has determined that it is in the best interest of the City and the various landscape/park maintenance areas' service levels to limit the amount of Service Area contracts held by a single firm.

This policy more fairly and evenly distributes landscape/park maintenance contracts among various contracting entities, and thereby decreases the potential risk of loss to the City and its service levels for landscape maintenance in the event of non-performance by a maintenance contractor.

The Contract/Acreage Limitations are as follows*:

- No single contracting firm or entity may hold City LLD and Arterial Median/Parkway landscape maintenance and Park Maintenance contracts whose combined Base Compensation is valued at more than fifty-five percent (55%) of the total Base Compensation cost of all of the City's Service Area contracts;

- **AND** -

- No single contracting firm or entity may hold City LLD and Arterial Median/Parkway landscape maintenance and Park Maintenance contracts whose combined acreage totals more than sixty-five percent (65%) of the total acreage of all City Contract Service Areas.

At the time of contract award, the prime contractor shall possess a C-27 Landscape Contractors license.

NOTICE INVITING PROPOSALS

Questions pertaining to the technical aspects of the contract should be directed to **Maritza Martinez (760) 501-8111.**

9. Contract Documents. The complete Contract Documents are identified in the Agreement. Potential proposers are cautioned that the successful proposer incurs duties and obligations under all Contract Documents and that they should not merely examine the Plans and Specifications in making their proposal.

10. Informed Bidders. Before submitting bids, Bidders must fully inform themselves of the conditions, requirements and specifications of the work or materials to be furnished. Failure to do so will be at Bidders’ own risk and they cannot secure relief on the plea of error.

11. Contract Term. The term of the initial contract will be for TWENTY FOUR (24) MONTHS beginning February 1, 2014, through January 31, 2016. The City may elect to exercise an extension to renew this contract for an additional one (1) year term.

12. Contract Renewal. The Contract may be extended by the City for a one (1) year option renewal period under the terms and conditions of the original contract, upon execution of an Amendment to the Contract by both parties. Should the City elect to exercise the option to extend this agreement for an additional one (1) year period, the Parties shall negotiate pricing for such period two months prior to the commencement of the additional one (1) year period. Negotiated price increases during the additional one (1) year period shall not exceed the percentage change in the United State Bureau of Labor Statistics Consumer Price Index “All Urban Consumers for Los Angeles, Riverside, and Orange County, CA” (CPI) for the most recent twelve months for which statistics are available. This method of price negotiation shall apply to each extension period exercised.

13. License. To be considered, a potential proposer must have the kind of license required under provisions of the California Business and Professions Code for the work covered in its Proposal when it is submitted. This includes a joint venture formed to submit a proposal.

14. Inspection of Site. Proposer must examine the site and acquaint themselves with all conditions affecting the work. By making its proposal a proposer warrants that it has made such site examination as it deems necessary as to the condition of the site, its accessibility for materials, workmen, and utilities and ability

INSTRUCTION TO PROPOSERS

to protect existing surface and sub-surface improvements. No claim for allowances, time or money, will be allowed as to such matters.

15. Acceptance of Bids. The City reserves the right to accept or reject any and all bids, or any item or part thereof, or to waive any informalities or irregularities in bids. The City reserves the right to withdraw this NIB at any time without prior notice and the City makes no representations that any contract will be awarded to any Bidder responding to this NIB. The City reserves the right to postpone any bid opening for its own convenience.

16. Proposals. Proposals are required for the entire work. The amount of the proposal for comparison purposes will be the total of all items. In case of discrepancy between the item price and the total set forth for the item, the item price shall prevail, provided however, if the amount set forth as an item price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or in the case of unit basis items, is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail in accordance with the following:

1. As to lump sum items, the amount set forth in the "Total" column shall be the item price
2. As to unit basis items, the amount set forth in the "Total" column shall be divided by the estimated quantity for the item and the price thus obtained shall be the item price

The evaluation of proposals and award of contract shall be based solely on the final decision of the City. The City reserves the right to award the contract on either of the schedules or any combination of levels of service to the firm whose proposal is determined to be in the best interests of the City.

17. Selection Criteria. Selection will be a two part process.

STEP 1.

The **PART I** section of all submitted proposals will be rated based on review and evaluation by a three (3) member staff selection panel. Rating criteria will be as follows:

- | | |
|---|-----------------------|
| • Contractor Information (including REFERENCES) | 25 pts. |
| • Proposed Monthly & Annual Project Work Schedules | 35 pts. |
| • Proposed Facilities, Equipment, and Staffing Schedule | 30 pts. |
| • Communications, Traffic Safety, & Greenwaste Recycling | 05 pts. |
| • <u>Completeness/Thoroughness/Neatness of Submittal</u> | <u>05 pts.</u> |

TOTAL POSSIBLE SCORE **100 pts.**

Proposals that omit responses to any of the above categories, or whose response to any category receives an aggregate rating of zero ("0"), may be rejected.

INSTRUCTION TO PROPOSERS

Proposing firms receiving a minimum aggregate total of 25 points from the selection panel will be placed on a “short list.”

STEP 2.

The **PART II** section for all firms meeting the Step 1. criteria set forth above will be opened, and analyzed by the staff selection panel. In making this analysis, the panel will:

- Verify that Proposal Surety is properly executed by both Principal and Corporate Surety.
- Compare compensation amounts with man-hour and materials estimates previously submitted by the firm (Part I – Contractor Information.) to determine the soundness, and balance of the firm’s proposed financial compensation.
- Consider the financial proposal’s relation to City budgets approved for this project, as well as to current, and historical costs incurred by the City for work of similar scope. Based on its analysis, staff may ask the selected proposer to explain, and/or clarify the firm’s requested financial compensation.
- Determine whether the requested compensation is consistent with firm’s proposed staffing, material, and asset commitments, as well as with the City’s established project budget and contracting policies, and procedures.

After completing the analysis of the firms’ Part II. submittal, the panel will select a firm whose demonstrated competence, comprehension of Scope of Work, and reasonableness of price quotation for quality of services offered make it the top-ranked proposer. This firm shall be invited to an interview with City staff to discuss its Part I. and II. submittals, and to negotiate a contract if the City determines such negotiation is in the City’s best interest. The goal of negotiation is to agree on a final contract that delivers to the City the services required at a fair and reasonable cost.

If the City cannot reach an agreement with the top-ranked proposing firm, a new negotiation will be started with the next highest ranked firm. The negotiation process will be repeated as necessary until a contract is negotiated successfully with a short listed firm, or until staff makes a recommendation to reject all proposals.

18. Award of Contract. Acceptance by the City at a meeting regularly called and held of a Contractor’s Proposal authorizes City to enter into a contract subject to the execution by both Contractor and City of a written agreement evidencing said contract, and Contractor providing all requirements set forth in said contract including, but not limited to, insurance and bonding requirements. Contractor is advised that the City has up to 90 days from Award of Contract within which to issue the Notice to Proceed.

19. Contractor’s Bonds. The Contractor shall furnish good and sufficient Surety Bonds issued by a surety company authorized to do business in the State of California, or other acceptable security, in an amount equal to one hundred percent (100%) of the total Proposed Compensation amount, conditioned for the faithful performance by the Contractor of all covenants, stipulations and agreements

INSTRUCTION TO PROPOSERS

contained in said Contract; in addition, the Contractor shall furnish a material and labor bond in a sum equal to one-hundred percent (100%) of the Contract price, as required by the provision of the Public Contract Code.

Surety companies providing surety bonds hereunder shall be rated A- VII or better in the Best's Insurance Rating Guide, and shall be legally admitted to the business of a surety provider by the State of California Department of Insurance.

20. Return of Guarantee. Proposal Guarantees or checks of unsuccessful proposers will be returned by mail when the executed agreement and bonds are received by the City. Proposal Guarantee of the successful proposer will not be returned but is exonerated by its execution and delivery of the Agreement and the bonds. If the guarantee of the successful proposer is a check, it will be returned at the time a Bid Bond would be exonerated.

21. Qualifications of Proposers. No award will be made to any proposer who cannot give satisfactory assurance to the City as to his own ability to carry out the contract, both from his financial standing and by reason of his previous experience as a contractor on work of the nature contemplated in the contract. The proposer may be required to submit its record of work of similar nature to that proposed under these specifications, and unfamiliarity with the type of work may be sufficient cause for rejection of proposal.

22. Subletting and Subcontracting. Proposers are required pursuant to the Subletting and Subcontracting Fair Practices Act (commencing with Section 4100 of the Government Code) to list in their proposal the name and location of place of business of each sub-contractor who will perform work or labor or render services in or about the construction of the work or improvement or a sub-contractor who will specifically fabricate and install a portion of the work or improvement according to detailed drawings contained in the Plans and Specifications in excess of one half of one percent (0.5%) of the prime Contractor's total proposal. Failure to list a sub-contractor for any portion of the work under the guidelines above implies that the Contractor's own forces will do that portion of the work. It is the City's intent for the Subletting and Subcontracting Fair Practice Act to apply to all phases of the work.

23. Substitution of Securities in Lieu of Retention. Contractor is advised that he may, at his sole cost and expense, substitute securities equivalent to any monies withheld by the City to insure performance under the contract. Such securities shall be deposited with the City or with a State or Federally Chartered Bank as escrow agent and shall pay such monies to the Contractor upon satisfactory completion of the contract. The Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. Securities eligible for investment under this section shall include those listed in Government Code Section 16430 or bank or savings and loan certificates of deposit.

INSTRUCTION TO PROPOSERS

24. Government Code Section 4551. In entering into a public works contract or a subcontract to supply goods, services, or materials pursuant to a public works contract, the Contractor, or sub-contractor offers and agrees to assign to the awarding body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section)* or under the Cartwright Act (Chapter 2 (commencing with Section 16700) or Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the public works contract or the subcontract. This assignment shall be made and become effective at the time the awarding body tenders final payment to the CONTRACTOR, without further acknowledgement by the parties.

25. Force Majeure. If execution of this contract shall be delayed or suspended and if such failure arises out of causes beyond the control of and without fault or negligence of the successful Bidder, the successful Bidder shall notify the City, in writing, within twenty-four (24) hours, after the delay. Such causes may include but are not limited to act of God, war, acts of a public enemy, acts of any governmental entity in its sovereign or contractual capacity, fires, floods, epidemics, strikes and unusually severe weather.

26. Primary Bidders. No person, organization, or corporation is allowed to make submit, or be interested in more than one Bid unless in a sub-contractual relationship with respect to the Bids. A person, organization or corporation submitting sub-proposals or quoting prices on materials to Bidders is prevented from submitting a Bid to the City as a primary bidder.

27. Laws Governing Contract. This contract shall be in accordance with the laws of the state of California. The parties stipulate that this contract was entered into in the county of Riverside, in state of California. The parties further stipulate that the county of Riverside, California, is the only appropriate forum for any litigation resulting from a breach hereof or any questions risen here from.

28. Proof of Insurance. Proposing firms are required to provide proof of insurance at the amounts specified herein as part of their Proposal.

29. MANDATORY Pre-Proposal Conference. A mandatory pre-proposal conference will be held on **Tuesday, January 7, 2014 at 10 a.m. at the Corporate Yard of the Coachella City Hall.** The Pre-Proposal conference will consist of a review of the RFP document, including but not limited to the General and Specific Terms & Conditions, the Contract-Agreement, and RFP submittal requirements. Preliminary project questions will be responded to at this time. **FIRMS WISHING TO SUBMIT A PROPOSAL FOR THIS PROJECT ARE REQUIRED TO ATTEND THE ENTIRE MEETING. Late arrivals will be denied entrance to this meeting.**

INSTRUCTION TO PROPOSERS

30. Filing of Bid Protests. Bidders may file a “protest” of a Bid with the City’s Public Works Department. In order for a Bidder’s protest to be considered valid, the protest must:

- a. Be filed in writing within five (5) calendar days after the bid opening date;
- b. Clearly identify the specific irregularity or accusation;
- c. Clearly identify the specific City staff determination or recommendation being protested;
- d. Specify, in detail, the grounds of the protest and the facts supporting the protest; and
- e. Include all relevant, supporting documentation with the protest at time of filing.

If the protest does not comply with each of the requirements, it will be rejected as invalid.

If the protest is valid, the City’s Public Works Director, or other designated City staff member, shall review the basis of the protest and all relevant information. The Public Works Director will provide a written decision to the protestor within fourteen (14) calendar days.

PEST CONTROL

General

The Contractor shall provide complete and continuous control and/or eradication of all plant pests at no extra cost, including: weeds; insects, mites, nematodes, and other invertebrates; gophers, squirrels, rats, mice, and other vertebrates; snails and slugs; pathogens and diseases.

Controls to include necessary use of integrated pest control systems involving the use of life history information and extensive monitoring. Control through prevention, cultural practices, pesticide applications, exclusion, natural enemies and host resistance.

The only exception to this is with regards to bees. The contractor will be responsible for reporting to the City any bee activity (swarms or hives) immediately.

All areas of the landscape shall be inspected for infestations of harmful pests. Leaves that may be blotched, blighted, deformed, mildewed, rusted, scorched, discolored, defoliated, or wilted should be noted. Identify the cause of injury and consult a Pest Control Advisor before application of chemical treatments.

At certain times of the year, and with certain environmental conditions, the presence of certain pests can be anticipated; start preventative cultural methods before a pest is visible. Inspect new growth for the presence of aphids, leaf hoppers, scale, mealy bugs, and mites. Look for ants on soil, along walks, and trunks of shrubs and trees. Control adult beetles before they lay eggs on bark in the spring. Ongoing inspections are necessary to determine if there is a summer brood. Snails shall be controlled before becoming epidemic. They can be anticipated as a menace from spring until the advent of high temperatures, wherever moist soil prevails.

Pruning may be an effective prevention of an epidemic of insects and diseases. Removing infected parts and disposing of them off site separates the pest or pathogen from the host. Examples are Pine tree tip moth, Juniper twig girdler, Verticillium wilt, and some other fungal caused blights of foliage. Proper thinning of tree foliage, to provide light and aeration for groundcover may aid in disease prevention. Use care when pruning not to spread disease by keeping all cutting edges sterile by dipping in an alcohol or bleach solution after each cut
